GET 4 FREE!

10 sessions • Just \$95 each

Keep your self-care routine going
through the busy fall season.

Ask us about the October special
at your next visit.

A LITTLE EXTRA FOR YOUR FALL ROUTINE

Curious about VIVIX + NAD+ Booster?

Available at CBI for clients interested in adding a dietary supplement to their everyday wellness routine.

Pair your fall refresh with the basics: nourishing meals, regular movement, restful sleep, and consistent self-care.

Ask your technician for product details at your next visit!

Your Progress Goes Beyond the Scale

The number on the scale is only one part of your story.

Changes can show up in your shape, your measurements, the way your clothes fit, or what you see in the mirror.

That's why we track more than weight at CBI.

PROGRESS PHOTOS

Side-by-side photos help you see changes that can be difficult to notice when you look at yourself every day.

3D BODY SCANS

Your scans help us track changes in body shape and measurements over time.

Consistency matters. Hydration, meals, posture, time of day, and temporary swelling can affect measurements. Scan estimates are not direct measurements of fat loss, so we review them alongside your photos and how you feel.

At your next visit, let's look back at where you started.

CLIENT LOVE

"My appointments with Contour Body Imaging were always a great experience! ... Sophia was absolutely amazing!!"

"Love this place and everyone in it! Always so sweet and so helpful. And I'm loving my results!"

"Tricia was amazing and so sweet, she explained everything to me thoroughly."

CBI TIP OF THE MONTH

The holidays are coming! Book your sessions ahead so you can stay consistent and get the appointment times you want.

Already have sessions? Let's get your next visits scheduled.
